

Auditor's Report

1. We have audited the accompanying financial statements of **EKC Hungary Kft**, (the 'Company') which comprise the Balance Sheet as at March 31, 2017, and also the Statement of Profit and Loss and the Cash Flow Statement for the year then ended annexed thereto (collectively referred as the 'financial statements'). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in Hungary. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

3. Further to our comments in the Annexure referred to above, we report that:
 - a. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The financial statements dealt with by this report are in agreement with the books of account;
 - d. In our opinion and to the best of our information and according to the explanations given to us, the financial statements dealt with by this report comply with the accounting standards issued by the Institute of Chartered Accountants of Hungary, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, in the case of:
 - i) the Balance Sheet, of the state of affairs of the Company as at March 31, 2017;
 - ii) the statement of profit and loss, of the profit/loss for the year ended on that date; and
 - e. Without qualifying our opinion we would like to draw attention we requested and received comfort letter from the owners because of the realized losses and the significant debt. In case the listed measures in the comfort letters are not realized in the future, the going concern principle compromised.

Notes

General Information

EKC Hungary Kft (the "Company") was incorporated in Hungary, on 8 April 2008 with the objective to acquire, or merge with, an operating business. EKC Hungary Kft acquired CP Industries Holdings Inc and holds 100% shares in it. Together EKC Hungary Kft and CP Industries Holdings Inc acquired the assets of CP Industries from Reunion. Intellectual properties related to the transaction were purchased by EKC Hungary Kft, which receives royalty for the usage of the IPs from CP Industries Holdings Inc.

The Company is owned by EKC International FZE (100%).
Its registered seat is Hungary, 1102 Budapest, Kőér u 2/A. C ép.

This reporting package is unconsolidated, and contains the transactions with all the subsidiaries and parent companies of EKC Hungary Kft.

Summary of significant accounting policies

Foreign Currency Translation

The United States Dollar (USD) is the functional currency for all of the Company's businesses in its operations in Hungary. The financial reporting package is presented in US Dollars (USD), which is the Company's presentation currency.

Foreign currency denominated assets and liabilities for this unit are translated into USD based on exchange rates prevailing at the end of each period presented, and revenues and expenses are translated at exchange rates published by the National Bank of Hungary valid for the date of the transactions.

Fixed assets

Fixed assets are presented at net carrying amount which is the purchase price decreased with the accumulated depreciation and impairment. The depreciation rates applied at EKC Hungary Kft. are:

- Intellectual property	10%
-------------------------	-----

Depreciation is recorded commencing the date the assets are placed in service and is calculated using the straight line basis over their estimated useful lives.

Investments

Investments are valued at acquisition cost. Impairment is required to account for if the net realizable value of the investment is lower than its book value. Net realizable value is the fair value of the investment. Fair value may be based on the stock quote at listed companies, or the total equity / issued capital ratio at non-listed companies. However, the projected development of the investee, the market value of the net assets also might be taken into consideration for impairment accounting.

Trade receivables

Accounts receivable are stated at historical value, which approximates fair value. The Group does not require collateral for accounts receivable. Accounts receivable are reduced by an allowance for amounts that may be uncollectible in the future. This estimated allowance is determined by considering factors such as length of time accounts are past due, historical experience of write offs, and customers' financial condition.

Revenue recognition

Sales are recognized when there is evidence of a sales agreement, the delivery of the goods or services has occurred generally upon shipment of product to customers and transfer of title under standard commercial terms.

Sales are measured based on the net amount billed to a customer. Generally there are no formal customer acceptance requirements or further obligations. Customers do not have a general right of return on products shipped therefore no provisions are made for return.
